

Make it so...
my dog can walk himself
(and other great ideas).

Make it so...
blood tests for
diabetics are
non invasive.

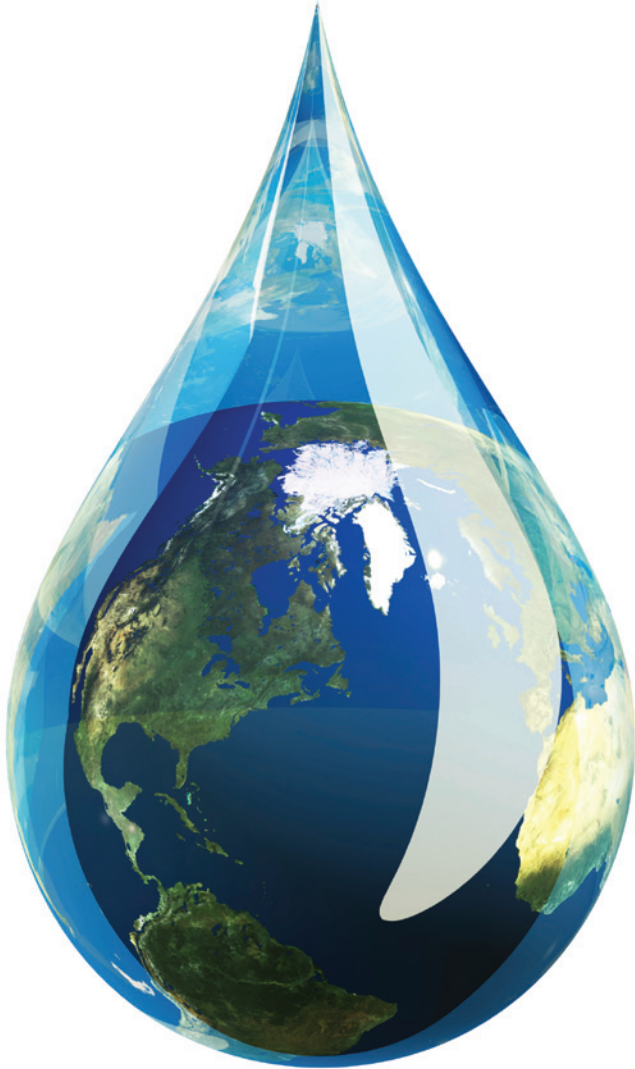

Make it so...
skyscrapers can
absorb and use
wind energy.

j

Make it so...

**people and objects
can be teleported.**

Make it so...
everyone in the
world has access
to clean water.

Make it so...
**I can choose my
wallpaper at the
flick of a switch.**

Make it so...
my shower
drains directly
into the garden.

Make it so...
my bicycle
has airbags.

ENGINEERS MAKE IT SO.

This booklet showcases eight ideas, from 7,000 ideas submitted by the Australian public to the **Make it so** website.

Engineering teams have committed to choose one of these 7,000 ideas and **Make it so**.

It will be a difficult challenge, designed to demonstrate that no matter what task is set, engineering teams can solve the problems and make the idea a reality.

To find out more about this challenge visit www.makeitso.org.au

WWW.MAKEITSO.ORG.AU

www.makeitso.org.au is a public resource that houses information, personal stories, details of major events and other useful resources for those interested in learning more about an exciting career in engineering.
